# David

The sandhill crane returned too soon,
Season of tears save winter moon,
River minded urging stay –
Waking stretching promised day.

Pulsing bloodstreams spirited eyes,
Cascading possibilities world resize –
Forward moving indiscourageable,
Optimistic enthusiastic incorrigible.

Untiring sheltering fatherly shoulder,
Petitioning heaven never one bolder –
Forgiveness for everyone angels tell,
Light the corners pardon for hell.

Enchanting springtime visionary,
Compassionate thoughtful emissary –
Up all night yours to decide,
Which narrative create reality abide.
