

# Hill

It's how she greets you at the door,  
Primavera metaphor –  
Skies her mornings each day new,  
Lavender underpainting peacock blue.

Reason fused with possibility,  
Sheltering hope with uncertainty –  
Song birds return/orchards bloom,  
Venusian sensibilities her own room.

Careful/adaptive/garden desire,  
Fair encouragement/measured fire –  
Bouquets of discovery/edgy wonder,  
Soaring reciprocity every hearts hunger.

Movement/perfection/self confidence –  
Talking ultimates/the goal/intents,  
The hermeneutics coming through,  
When the Caterpillar asks Alice, who are you?
