

# Emily

**G**lowing embers spangled night,  
Montana sky morning light –  
Carefully spun silver threads,  
Presence yesterday left unsaid.

**C**hild the sun earth conceived,  
Moon midwifed river received –  
Opening eyes unfolding wings,  
Defining a world loving brings.

**p**atient feelingful heart of gold,  
Not always doing what she's told –  
Creative home and family ways,  
Planet leans to hear her say.

**h**ow go about the de-CONSTRUCTION,  
Competition violence power OBSTRUCTION,  
Men as one thing women another –  
How reconnect us with each other.
