Winter beach, warm hand-in-hand,
Dark wet to golden sands –
Full Moon in time lapse with the trees,
Gateways your infinities.

Shadows stretch the storied place,
Words unspoken narrative trace –
Idealist with your own explanations,
Beyond cynicism and equivocations.

Immeasurable kindness, altruistic energy,
Change-maker, visionary, wide lens synergy –
Compassion and Reason cradling tomorrow,
Keeping joy, Mindful the sorrow.

Definitive boundaries yet Serving Others,
Seriously believing in Love One Another –
It's your Body, absolutely your Choice,
How the World could look, waits your Voice.
