

Amos

Rows of strawberry fields of rye,
Thunderbeings gathering sky,
Work cut out to clear the air –
Warnings watches everywhere.

Gard'ner to librarian turns,
Roots the larger picture yearns –
Focused on the worlds becoming.
Invisible dimensions beauty loving,

Talkative logical planetary,
Graduate school imaginary –
Sensitive spirit learned hands,
Words to speak of promised lands.

Conscious pathway strewn with fear,
Dream pieces chards of mirror –
“Supreme success,” Saturn encourages,
“If from shadow clarity emerges.”
