

Anna

Soft blues, diaphanous paisleys,
Morning breeze waking daisies –
Summer rivers, galactic dome,
Beloved of Earth, forever home.

Nurturing, vulnerable, empathetic,
Unconditional Mother's aesthetic –
Producing the Wonder Life is about,
Helping Others, inside and out.

Growing, changing, unpredictable,
Desiring perfection or close as possible –
Garden mood, careful heart,
The edge of words, fractal art.

Trusting the Magic in this real place,
The Infinity in each living face –
Gracious host, welcomed guest,
In your Presence becoming our best.
