

BRIAN

None a better story tell,
Capture heaven depict hell –
Twixt mile markers filled with thinking,
Were the chances rising or sinking?

Everywhere imagined innocent faces,
Farmlands wooded eight hour places –
Apocalyptic talk of late,
Quantum links entangled gates.

Well documented loving brother,
Adaptive multi-skilled soon discover –
Aware of fears cracks crumbling walls,
Recursive narratives nested dolls.

Ungodly weather none deny,
Truth a human hears others cry –
Knows the freedom we're looking for,
Peace security loving world's door.
