In a mist far down the beach,  
Waves softly talk / hearts reach –  
A strand of hope answering prayer,  
Love's potential in the air.

Compassionate minded / lots of Sea,  
Raising the issue of equality –  
Honest, true, a straight forward way,  
Hallowing this once and only day.

Lines in common with the Christ story,  
Saving the World part / not the allegory –  
Feeding the hungry / sheltering people,  
Heavenly bliss down from the steeple.

Bearing a miracle, hour by hour,  
Still a distance from the tower –  
With carefulness, patience, an open plan,  
Saturn answers, yes you can.
