

Lykke Li

Swallow in improv, swan arabesque,
Weeping Willows / hosts and guests –
As deer, the Moon and silent Stars,
Life giving rain, lakeside hours.

Reason / compassion / heartfelt dialogue,
Communing with birds, fishes, frogs –
One to address ten millennia of tears,
To quell humankind's misplaced fears.

Twixt Alleluia and a roll of the dice,
Decision / choice / a high price –
Hero to the Children, Mother Earth,
Story segues into meaning and worth.

In the Planetary mind a redemption theme,
Grain of sand in an evolving dream –
Who would believe could come a day,
Promised Love would find a way.
