

Matt

Buds swell, songbirds return,
A Presence for whom these times yearn –
Mountain snowmelt, Spring synergy,
Encouraging spontaneous energy.

Attuned to color / music / the arts,
Compassionate Mind / Careful Heart –
Promised mornings / long days nights,
Place for the beautiful / Garden delights.

Roots in Earth and the Heavens above,
Organized / patient / practical love –
Cooking up treats / one's bedside when sick,
You're more Complex than algorithmic.

Responsible for All entrusted to you,
That's why the Planet's in line there, too –
Would that the needed happening were easy,
Great that the odds never made you queasy.
