

Render

Love you feel rain you hear,
Forest nook eyes a deer –
Clouds billow swallows fly,
Fishes swim you dance the sky.

Autumn stirs across the lake,
Droplets tips waves break –
Unforgettable piece of dream,
Carry with you every scene.

You're one who fixes things,
Super hero morning brings –
Winds whispers hearts confide,
Drying tears hurting cried.

When all agree it's clean up time,
Put toys away help others mind –
To see wishes all come true,
Nothing impossible remember too.
