

Shyann

FIRE flashing opal soul,
With you it's like rock'n'roll –
No telling what surprise next bring,
New mornings gifts of spring.

EARLY butterfly bold courageous,
Hard working love contagious,
Enthusiastic creative abilities –
Compassion unlocking possibilities.

SOMETIMES we all could just about cry,
Newscasters not telling us why –
Quick to grasp what's happening here,
Moonlight helps hold back your tear.

MORE friends than you'll ever know,
Future promising at least one rainbow –
Long as your river stays forgiveness deep,
Some day see the vision you keep.
