

Alise

Purple pink random tulips,
Messages at fingertips,
Sidewalk café touch of hand –
Memories cascading sand.

Scores of music one great cook,
Parisian scarves latest book –
Okay things fade/though not just now,
Collage of change the same somehow.

Intuitive certainty down to earth mind,
Blessed with initiative reader of signs –
Altruistic inclinations garden sensibilities,
Moonlight limitless possibilities.

Bordeaux vines polar bears,
Tragedy threatening everywhere –
In narratives the roles we play,
In microtheatres our every day.
