Thickened thunder flickering clouds,
 Heaven tears death's shroud –
 Roll of silk twist of eternity,
 Here in scientific post-modernity.

Pre-reflective emergent stardust,
 Shelves of promise roots of trust –
 Garden minded picture maker,
 Storyteller early waker.

Thoughts signs borderlands,
 Winged messenger dwindling sands –
 Lifetime traveler love expedition,
 Giving the narrative anew direction.

Campfire words embers glowing,
 Micro metaphysical terabyte knowing –
 What this time will you make real,
 What matter count what have us feel.
