

# BRIAN

Silver sun glazed morning trees,  
Nest building uncertainties –  
Robins finches swelling buds,  
Tulips emerge burgundy from mud.

Flower creature David stage,  
Storyteller coming of age –  
Chrysalis hatching caterpillar speed,  
Planet's answer children's need.

Sign maker market sure,  
Dark French chocolate cinnamon stir –  
Playful in moonlight personal with plants,  
Looks twice at cans and can'ts.

Courting time autumn predicted,  
Sensing what microtheatres restricted,  
Everything new even the math –  
Now that would be a challenging path.
