

David

Colors mingle cross your palette,
Cityscape grays / African violet –
Brushstroke by brushstroke,
Touch the wonder / see what's broke.

Winds caress the greening meadows,
Fading memories winter's throes –
Orange poppies confide in the sky,
Senses delight you personify.

Pragmatic / Earthy / confident,
Change making Garden resident –
Generous / good taste / a telling touch,
As for risk taking not so much.

Rock solid as regards our situation,
The children's fate / the bifurcation –
A planetary responsible being newly grown,
Don't come easy that's well known.
