

Emmanuelle

MIRO Chopin Chagal Matisse,
Tender moments without cease –
Quiet flower heart break world,
Stardust and forever swirled.

Talks with eyes reads voices,
Garden time possibilities choices –
Relationships she prefers secure,
Sensual modest stubborn sure.

Gaia barefoot on the ground,
Sapphire necklace another worlds sound –
Soft fragrant morning soon,
Touches your arm prisms the room.

Persimmons and cream kitchen treats,
Un-named other earthly sweets –
Now a time in need of saviors,
Compassion forgiveness river behavior.
