

John

Apple blossoms in full cascade,
Fractured moonlight masquerade,
Hoping you might somehow be –
Answer to gardens desperate plea.

Adaptive soul communicative heart,
Age of Reason from the start,
Pragmatic fractal imagination –
Unbelievable situation.

Asit down talk for hours friend,
Flowers goals means and ends –
Heard the rumors road turns mud,
Going forward runs in his blood.

Loves possibilities lots of caring,
'Cept one edge tinged with daring –
By the way don't forget your date,
Business meeting at the pearly gate.
