

Jewel

Born a day wove Celtic braid,
Bees their business Spring cascade –
Prefiguring summer revelations,
Pray the rains their meditations.

Calligraphied envelopes/emerald ink,
Invitations chance to think –
Myriad ways we understand ourselves,
Cross the spectrum her bookshelves.

She's for reasoning/talking it through,
Surrey notes/the World overdue –
Innocence/forgiveness/moonlight answers,
Oandelion seeds/modern dancers.

Unpersuaded some other place home,
In awe the infinities yet to roam –
Her thoughts venture the meaning of life,
Aware from them come Love or strive.
