EARTH SPIRIT a flowers eyes,
Care filled love practical wise –
You make wishes dreams propose,
In summer sand with logic a rose.

STARS GRACE YOUR WARM NIGHTS,
Stained glass windows northern lights,
Velvet touches garden pleasures –
Reggae beats housefinch measures.

YOU LISTEN TO THE MORNING DOVES,
All the colors all your loves –
Now entrusted with what to make real,
In a miracle with nature's seal.

SWEET YOUR SONGS YOU UNDERSTAND,
What's missing what the times demand –
From a cocoon if you dare,
We're breaking out of everywhere.
