

Kirk

Oelphinium morning / sliver of moon,
Forest lake / call of the loon –
Unpredicted as one might expect,
Where random / intended intersect.

Ever since the first words woke,
Gave voice / the Garden spoke –
Desire / music / if tides draw seas,
A grain of sand eternity.

These times don't fit any book,
Make Kafka take a second look –
High stakes / all nighter,
Candlelight dinners / stellar writer.

Incontestable crisis condition,
Systemic failure or Phase Transition –
Dear butterfly / keep wiggling your wing,
Can't tell the Wonder that you'll bring.
