

# Mark

In the lobby stars rendezvous,  
Impossibilities and fears unglue –  
You'll find him thinking the whole scene over,  
From butterfly theory to four leaf clover.

Jazz conversationalist / intellectual / discreet,  
Ways of saying things none more sweet –  
Stubborn on logic / takes mental notes,  
Repertoire of maxims / applicable quotes.

Appreciates nuance / grasps the absurd,  
Even unprecedented, you'll find words –  
Though how to begin oft proves difficult,  
Incomparable dialogue can result.

Burning through tropes / falsehood and lies,  
An hour with you turns minute and flies –  
A joyous moon can't restrain her laughter,  
Bringing the world a better hereafter.
