The sky's open earths waking,
Buds bursting grounds breaking –
Rivers turn cyan forests teal,
Seeing possibility / making it real.

Inside intuitions taking root,
Song of viola ascending flute –
So much more than a media star,
Garden child who you are.

Practical spirit raspberry sweet,
Dynamic self-motivated assertive streak –
Emergent sapphire stepping stones,
Mythic pictures yesterday sown.

Slow fast willful thought,
Your kindness the wind you sought –
How would you see tomorrow,
What do with third worlds sorrow.
