

Zazie

Opening credits in letters green,
Superimposed on a city park scene –
Trees / sidewalk / surreal sky blue,
Glistening still in morning dew.

Except a mystery / historic condition,
Your role nor lines have yet been written –
Practical / imaginative / flowers explain,
Adaptive / tenacious / Sparrows refrain.

You like it real / the actual / concrete,
In thought and word none more discreet –
Change can sometimes prove quite difficult,
We act / we vote / see the result.

Imagine the World with a realignment,
Kindness the existential assignment –
Cultivating gardens / crossing rivers,
In a light only Love delivers.
