Marble hallway echoing footsteps,
Ceiling, pillars, Roman concepts –
Smiling / optimistic / advised by Venus,
Hosting a dimension / an In-between us.

Falling Star Garden mixture,
Autumn Rosebud hope imbued picture –
All who know you know a friend,
One eye always 'round the bend.

Model of fatherly, Mars would agree,
Joy, laughter, brushes with glee –
One to be there when our luck is down,
When it feels like no one else is around.

Searching a Pathway to Humanity's goals,
Encountering ogres, gargoyles, trolls –
What a job to harmonize that choir,
Our need for that music each day more dire.
