Crescent Moon with Morning Star,
Mauve sky, Living Planet memoir –
Some say You stepped from a fairytale,
Not to let something this beautiful fail.

In a Wonder with myriad explanation,
More than good timing and imagination –
Enchanting a call as falling leaves make,
Clouds shift shape, paths we take.

pixies whisper how Magic your Self,
Treasure trove Secrets, full bookshelf –
Nuanced feelings, thinking things through,
Very few roles that you couldn't do.

how do we wake when a nightmare recurs,
How return again to a Dream deferred –
Aware not all Narratives are of equal Value,
Saturn advises ask where it leads to.
