

John

Quantum Worlds in a grain of sand,
Desert nights, enchanted land –
Dash of dark energy, forever untamed,
Mountain road, not yet named.

Careful Heart, magical Mind,
Reasoning, organizing, gregarious kind –
Friendships and travel that never ends,
By-your-side round every bend.

Long ago chose a guiding goal,
Moral compass, Intuit the Whole –
Among the animals a welcomed guest,
Worried for your Living Nest.

Purposeful, musical, motivated,
Inextricably historically situated –
A role defining the evolutionary track,
Standing up to those pulling us back.
